About

Description

Dynamic Audio Productions

Darren Thomas is a freelance Audio Supervisor based in Brisbane, Australia.

I specialize on large multi camera reality television formats with over 20 years experience as an Audio Engineer.
My experience includes Audio department Supervising, location Recording, Boom Operating, Studio Recording, Front of House Mixing (live music), Theater Production, Audio Assisting (Outside Broadcasts) and Audio-Visual technician.

Audio Supervising Services:

- Pre production planing and Consultation on audio content requirements
- Audio System design, installation and operation.
- Consultation with Comms and Technical departments
- Audio Crewing and rostering
