Dynamic Audio Productions

Description

Darren Thomas is a freelance Location Sound Recordist based in Brisbane, Australia.

He has worked as an Audio Engineer for the past 10 years.

During this time in the Audio field, Darren has filled various roles including:

Location Recording, Boom Operating, Studio Recording, Front of House Mixing (live music), Theatre Production, Audio Assisting (Outside Broadcasts), Technical Audio Visual set up and Operation.

This experience added to a previous 10 years as an Electrician combined with extensive international work, would make Darren a great choice for your next production.
